### Opening Question

Share about a time when you were most scared and shaken:

### Study Together

What was the first thing that Peter and John did after being released? Who would you go to first after a frightening event?

After they shared what happened, what did they do?

In their prayer, what was it they prayed about first? Why do you think they started their prayer this way?

In their prayer, what did they ask for?

How did God answer their prayer?

### Apply Together

What is it that is shaking your life these days?

What truth of the character and work of God that directly confronts your fear do you need to spend time worshipping?

Which do you want more - your problems to go away or the beauty of the Gospel to shine through you in the midst of life's trials?

In what situation or relationship do you need to be bold and courageous this week with Gospel proclamation and Gospel love?

### Pray Together

Pray through Psalm 27
